

JUNIOR LABORATORY ANALYST

LOCATION: AMSTERDAM, THE NETHERLANDS

Lighthouse Instruments BV, located at the Amsterdam Science Park, supports product lines and is supplier of laboratory services to customers in Europe. Currently, the Amsterdam team consists of 17 people serving the pharmaceutical industry. The Measurement Service lab team is expanding to match the growing requests from customers.

In the role of (Junior) Lab Analyst, you will support the Amsterdam lab team in our day-to-day work. In particular, you will be involved in recertification activities and will support the Study Managers with measurement services projects and scientific headspace studies.

Key responsibilities:

- Customer feasibility studies related to services or instrument purchase
- Customer product sample analysis and recertification of standards:
 - instrument set-up
 - perform measurements
 - analyze data and write scientific reports in English
- Support the R&D team with application development work
- Support in professionalizing lab infrastructure and processes
- Routine lab instrument maintenance

Secondary responsibilities:

- Assist the Technical Support team (by email or at customer sites)
- Assist the Measurements services to be carried out at customer sites

Qualifications / Requirements:

- A MSc. Degree in (bio)chemistry/physics/pharmacy or related fields
- 1 – 4 years of work experience
- Proven lab based experimental skills
- Interest in the pharmaceutical industry, experience is a plus
- Strong self-reliance skills with the ability to work independently
- Proactive
- Ability to work effectively in a small entrepreneurial team with multicultural colleagues and –customers
- Flexible personality: adapt to unexpected and urgent requests
- Strong analytical skills
- Very well organized and able to set priorities
- Acute attention to detail
- Strong written and verbal communication skills in English
- Willingness to travel
- Place of residence is in or near Amsterdam and in the possession of a ‘BSN’

Working hours: Fulltime (40 hours per week), Monday to Friday (9:00 to 17:00h)
